

Professional Development

Our mission is to provide educational support to licensed and classified staff through quality professional development that focuses on the learning goals of the district and results in increases in student achievement.

Interested in classes for license renewal or professional learning? Register for courses online: <http://www.psdschools.org/departments/professional-development>

- **PSD Credit** is always \$2.50 per contact hour. The total price for a given course is determined by the total number of contact hours. For example a 15 contact hour course = \$37.50.
- **What does PSD credit provide you?** You can use those hours toward relicensure and to move over on the salary schedule. One fee for both purposes!
- **Audit:** You are never required to pay for a class. You can always select “audit” and take the class for free. The course title will show on your transcript, but no hours are attached. This is a great way to have documentation that you took the class.
- **Required Courses** by the district, provides you contact hours only and there is no fee.
- **CSU Credit** is often an option and the \$55 per semester hour can be used for relicensure and movement on the salary schedule. CSU credit is purchased separately on the first day of class from the instructor, after PSD credit is purchased. Classes must meet 15.0 contact hours to qualify for one CSU semester credit.
- **Classified Employees** may participate in most courses for no fee to the employee.
